First I must try to express to you how very thankful we are for you precious saints who faithfully pray and support our ministry. You are such an encouragement and blessing to our lives as well as being a blessing to the many we reach with the gospel plus teach and train through the various outreach ministries the Lord has enabled us to have. I have written before and it is so true that only in eternity will we learn the full results that this ministry has reaped for the glory of the Lord!

You may recall that years ago I received a letter from Brother Mowase in Malawi asking for help with the ministry he was overseeing. I gave a copy of the letter to Dr. Young Houston who went to visit Brother Mowase in Malawi. Dr. Houston started a Video Bible College ministry that has grounded many men of God in the word of God and resulted in a worldwide outreach. While in Malawi, Brother Houston helped Brother Mowase establish Landmark Baptist Ministries in Malawi which has spread into Mozambique. I recently spoke to Dr. Nelson who is a Director with Landmark Mission Projects and has recently returned from a visit to Malawi. There are now 60 churches in Malawi and Mozambique including 10 new churches that were started this past year. There are four extensions of the Bible College that are training native pastors. There are 14 Pastor Missionaries who travel to different churches to assist in their ministries and oversee the works. Some travel up to 36 miles on bicycles to reach these churches over rough dirt roads that are more like cow trails. It is a wonderful ministry that the Lord has blessed with many precious souls being saved, taught, and established in their walk with the Lord. Through the Bread Of Life Broadcast this contact was made and our great Lord has blessed and is using it to His glory!! Little is much when God is in it! This is fruit to your account!

Please pray with us for Steve Homer, our daughter Rebecca's husband, who will be having surgery December 12th on his heart to correct the erratic heartbeat. This will be the second time he has had this surgery but it is necessary to avoid greater problems.

We are just finishing the first year that David, Denise, and Rachel have been here to help and assist us. Our granddaughter, Kalani, is also visiting with us and David's two sons and their wives will be here to visit for Christmas. Also, December 17th Timothy, our second son, and his family will arrive to visit with us a few days. We are richly blessed to be able to have so many of our loved ones with us during this time of the year.
